## **NuVet Information – Please Keep For Your Reference**

Dear Puppy Buyer,

Animal health is our top priority, so we enthusiastically recommend NuVet Plus immune system builder to all of our customers. Simply put, it is the best nutritional supplement available today.

Hundreds of thousands of dogs and cats are using NuVet to protect against most ailments (back yard pesticides, pet food allergies and hormones, toxic formaldehyde in furniture and carpeting, ailments transmitted from dog parks and the vet's office, etc.) while maintaining a beautiful skin and coat. This is not just a vitamin. It is an immune system builder with a precise balance of vitamins, minerals, omega fatty acids, amino acids, and high potency antioxidants.

That's why it works so well through all three stages of a dog's life:

**Puppies:** NuVet fills the gap all puppies experience. Shortly after birth, maternal antibody effectiveness is greatly reduced. By 8 weeks, your puppy's immune system is at a vulnerable point. Once in their new home, the immune system is weakened by the stress of adoption and exposure to novel bacterial and viruses in the environment. This is also the age when the vaccine series is started. Vaccines are only effective if the immune system can respond properly. Continuing your puppy on NuVet Plus is important to helping them grow into a healthy adult.

**Adults in their prime:** Improves the luster of their skin and coat while protecting against allergies, skin and coat problems, staining from tears, digestive problems, etc.

**Older Dogs:** Helps protect against tumors, premature aging, cataracts, heart conditions, diabetes, and many types of cancer, while extending the life and improving the vitality of many dogs.

We highly recommend NuVet Plus to keep your pets on the path to perfect health! It is not available in stores, and is only available to the general public with an order code from an authorized professional. For your convenience, you may order directly from the manufacturer by calling **(800) 474-7044 and using Order Code: 74518**, or ordering online at [www.nuvet.com](http://www.nuvet.com). You can also save an additional 15% and assure you never run out of NuVet by choosing the auto-ship option at checkout.

To the long life, health, and happiness of your puppy!
